SUMMARY

Data Scientist with **2 years** of industry experience and an M.Sc. in Information Systems & AI (GPA 93), experienced in classical machine learning (Decision Trees, Random Forest, regression, classification) and deep learning (CNNs, Transformers, Autoencoders) on scientific, agricultural, medical, and operational data. Trained predictive models reaching **AUC 0.9173** and a CNN spectroscopy capstone graded 93. Builds ML-driven data pipelines extracting KPIs, telemetry, and logs for training, evaluation, and monitoring across production systems. Strong in Python (Pandas, NumPy, Scikit-learn, PyTorch), SQL, statistical evaluation, and the modern LLM stack.

EXPERIENCE

Parallel Wireless — AI Automation Engineer	09.2024 – present • 2 years
- Trained and evaluated predictive models on production telemetry (Random Forest, ensembles). - Own the analytics-to-production path: pipelines, modeling, evaluation, deployment, monitoring. - Applied feature engineering, GridSearchCV, cross-validation, and ROC/AUC/F1 evaluation. - Engineered ETL pipelines (Python, Pandas, NumPy, SQL, Bash) into analysis-ready datasets. - Ran exploratory data analysis, data cleaning, and statistical validation for reliable results. - Applied HuggingFace transformers and PyTorch for text classification on imbalanced data. - Built dashboards (Matplotlib, Seaborn) and defined metrics used by engineering leads. - Shipped 3 LLM analytical tools that summarize telemetry and surface failure patterns. - Hands-on AI: deliver solutions from development to production with measurable impact. - Ran reproducible experimentation on AWS (SageMaker, EC2, S3) with Git and MLflow / W&B. - Built recurring reporting to track failure trends, coverage, and delivery health. - Contributed to an 8h → 2h (~75%) delivery-cycle improvement across 200–500 tests.	

EDUCATION

M.Sc., Information Systems & AI • University of Haifa	GPA 93 • Expected 2027
Specialization in Artificial Intelligence, Machine Learning, Deep Learning, NLP, Big Data Systems, and Software Engineering; research-oriented coursework with applied projects.	
B.Sc., Computer Science • Ruppin Academic Center	GPA 83 • 2022 – 2025
Specialization in AI & Data Science. Coursework in Software Development, Data Science, Machine Learning, and Deep Learning; strong OOP, data structures, algorithms, and databases.	

CERTIFICATIONS

NVIDIA AI Infrastructure and Operations Fundamentals • Sep 2025	Certificate
IBM Generative AI and LLMs • Apr 2025	Certificate
NVIDIA Networking • Apr 2025	Certificate
AWS Cloud Developing • Dec 2024	Certificate
AWS Cloud Practitioner Essentials • Nov 2024	Certificate

SKILLS

Programming & Data	Python • SQL • Pandas • NumPy • Bash • Shell • ETL • data pipelines • feature engineering • data cleaning
Machine Learning	Scikit-learn • Decision Trees • Random Forest • Regression • Classification • Clustering • Ensemble Methods • Hyperparameter Tuning • GridSearchCV • Cross-Validation • Imbalanced Data
Statistics & Evaluation	hypothesis testing • descriptive statistics • ROC-AUC • F1 • Precision/Recall • Confusion Matrix • model validation • A/B-test fundamentals • exploratory data analysis (EDA) • statistical modeling • data wrangling • dashboarding • storytelling with data
Deep Learning & LLMs	PyTorch • TensorFlow • HuggingFace • CNNs • Transformers • Autoencoders • NLP • CV • Transfer Learning • LangChain • RAG • vector search
Cloud, MLOps & Viz	AWS (SageMaker, EC2, S3, Lambda) • Docker • Kubernetes • Git • Jupyter • Matplotlib • Seaborn • MLflow • W&B • Linux
Practices & Methodologies	ML lifecycle • MLOps • data preprocessing & cleaning • exploratory data analysis • statistical validation • experiment tracking • data storytelling • A/B testing fundamentals • Agile • Git workflows • problem-solving • communication

VOLUNTEER

Volunteer Instructor • Heznek LaAtid "Scientific Excellence", Fureidis High School	09.2025 – present
Teaching Computer Science fundamentals and programming to 40 students.	
Student Tutor • Ruppin Academic Center (Algebra, Python, Discrete Math)	01.2023 – 02.2024
"Perach" Program • Tutor & mentor for elementary school students	2022 – 2025
